presents:**

**Dr. Sandra Kaplan**

**Differentiation in the Classroom:  
What it Looks Like and How it Works to Challenge Your  
Gifted Child**

Do you know what to look for to check if your child is receiving the right kind of curriculum and challenge in the classroom? Dr. Kaplan will help parents recognize the various ways teachers may differentiate the curriculum in the classroom. She will discuss the rationale behind differentiation, effective ways in which teachers implement it, and what parents can do to support the process. Gifted children have unique needs in school; this workshop will assist you in making sure your child's needs are met.

Dr. Kaplan is a Clinical Professor at the University of Southern California and is in great demand as a speaker around the nation and world regarding her innovative practices for improving curriculum for gifted learners. She's the past president of both the California Association for the Gifted and the National Association for Gifted Children.
